

**Winter's here** Many children in our community face these winter months without hot water, warm food and adequate clothing. We are so glad that we can offer our 5 little kiddies a warm home to be during this chilly time.

**Early Childhood Development** training, is very important for our wonderful staff. So we were so pleased when our house mother, Trudy (right) and our week day carer, Previllege, recently completed their second course in ECD, and thoroughly enjoyed it. This training has really equipped them to monitor the development of our kiddies and has encouraged engagement in playful activities. Thank you to our funders for sponsoring these training opportunities.

**Garden Equipment** is still needed for the upkeep of the Home's garden. Please contact Leentjie if you are able to donate: [leentjie@nthandohome.co.za](mailto:leentjie@nthandohome.co.za).

**Who's in the Home?** Our three little princesses will be leaving us in the next week and will be going to a more permanent home. We have been so blessed to see them flourish into beautiful little girls. Our other two siblings are doing well, with Faithy now smiling and laughing, and Fathy who is starting to speak.

**MySchool**, is still an amazing way for us to raise funds for the running of Nthando Home. This month we raised **R538.98** from this initiative. So keep on shopping and telling family, friends and colleagues to join the cause.

**Mandela Day** Last year we managed to collect 75 packs of nappies for Mandela day from our generous community, with 67 packs of nappies being our target. Watch this space to see what this years' Mandela Day challenge is.

**Update** We were so excited to here that the twins we cared for last year, are awaiting to be taken home to live with their adoptive parents in America. We trust God has an amazing plan for their lives.

#### **Prayer items**

Continued prayer for our three little ladies as they move to their new home, for our brother and sister as they continue to receive love and care. For our staff, their health, and for the kiddies health through the winter months. For continual wisdom and decerment for our management team.
