

Change can be both exciting and scary, all at the same time. Nthando Home is experiencing this change first hand. After much prayer, discussion, liaising and consulting, we have decided that our home on 45 Lourensford road should close. But don't worry, this is not the end of Nthando Home as an organisation!

We have gone through a season of doing a needs-analysis of our organisation and of our community. We have had time to evaluate how we as an organisation are running and functioning, in order to determine if we are operationally effectively and efficiently. There is no model to guide the running of a home of safety like ours, it's really trial and error, prayer and patience. In order to best meet the needs of the vulnerable children in our community, we need to be flexible and open to change. One of our key challenges is ensuring that the money our loyal funders donate is used in a highly effective manner, reaching and impacting as many lives as possible. We believe that we can improve on the way we impact children that need safe homes and children who are fostered into homes in the community.

We have many exciting options to consider, so we ask that you would keep Nthando Home and our managing committee in your prayers as we ask God for clear guidance. Please keep our staff in prayer too, as they go through this period of transition. We will actively be seeking alternate work for each of them, and your help in this important task would also be greatly appreciated.

Who's in the Home? Our dear Fathy and Faith are still with us, and will be leaving us mid October 2014. They are flourishing and growing daily, and developing into their beautiful little personalities.

MySchool, is an incredible way for us to raise funds for the running of Nthando Home. In August we raised **R480.46** from this initiative. September is **MySchool's 17th Birthday**, which means for every NEW card that is issued, this month, with Nthando Home as their beneficiary, we get **R17!**
