"26"

is the numbers of learners that we will be working with this year. All 26 of these learners attend The Ark Christian school just outside of Mfuleni. All but one of these Grade R learners have received a baseline developmental assessment, and have been placed into groups according to their developmental level. Some children will require additional support, in the form of remedial and/or Occupational Therapy sessions. 3 children appear to have more complicated concerns regarding intellect and neurological fallouts, which we hope to address and support.

Here are some photo's.

Keep on swiping! We now have 74 active MySchool supporters, supporting Nthando! Great news! Keep on swiping and encouraging those who aren't MySchool card holders to register. It's a good excuse to shop!
