Lambs Educare Upgrade

On the 8th of October 2016 a team of twenty eager volunteers from the Somerset West Baptist Church, got their hands stuck into the "Educare upgrading project". We upgraded four classrooms, a reception area and a common area, which has now become their little library. Here are some before and after pictures, and some pics of the children enjoying their new learning spaces. Thank you to ALL those involved in making this project a great success!

Training

Nthando has been able to send all four of the educare teachers on a Basic and Advanced Early Childhood Development course, as well as a Paediatric First Aid course over the past few months. A big thank you to Tanya at EduCare and Leanne at Masikhule for providing a great learning opportunity.

Parent WorkShop

We were given the opportunity to provide a parenting workshop to the grade R and grade 1 parents who have children attending the Ark primary school in September this year. We had a great turnout and the parents were so appreciative for their take-home toolkits on discipline, routine and bonding.

Community Service

Two grade 7 Somerset House students look their community hours and used it to bless the children at the Arks' Educare, by painting their outside wall in chalk board painting. This allows the children to work on their fine motor skills and creativity during play time. Thank you girls, the kids love it!

Occupational Therapy

Twenty-eight children from the Educare, grade R and grade 1 classes are receiving weekly occupational therapy. It has been great to see their improvements and growth in achieving developmental milestones.

MySchool

To date we have 103 active MySchool supporters who have made Nthando their beneficiary. As the Christmas season approaches, we encourage you to make Nthando your beneficiary before you start your holiday shopping. Every swipe counts!

Prayer

We thank God for His great provision this year, and for giving us endless opportunities to share His love through the work we do. Please continue to keep our work at the Ark and each of the little lives we work with, in your prayers.
