

## Update from the Grade R's

28 Grade R learner's developmental levels have been assessed; from this group, 12 of the learners are receiving Occupational Therapy sessions to help improve their level of development, and manage with the work load this year. One of our learners, Blessings, has been struggling with ongoing seizures. Nthando was able to arrange and pay for him to be seen by a private Paediatrician, where he was diagnosed with Epilepsy and further scans have been organised for him.

## Sponsor a Winter Warmer Hamper

**Training**...We have been able to send three of the creche teachers to the Basic Educational Child Development Course, run by Masikhule organisation. We are hoping to send another 13 of their teachers and staff on this course in the next three months, as well as sending the Grade R, Grade 1 and Grade 2 teachers on a paediatric first aid training course. Knowledge is power, especially when little lives are involved.

**MySchool**... Well done to ALL our shoppers! April has been our best month yet, with us reaching a total of **R1036.78** coming in from MySchool. So keep on shopping, swiping and sharing the Nthando name.
