Occupational Therapy Service

It has been a short but busy term at The Ark School, but we have seen great progress in our kids this term. We are currently offering free occupational therapy to 30 Grade R, 1 and 2 learners. Some have required additional assessment this term, and we have requested Grade 1 exemption for four of our Grade R learners.

LAMBS Educare

Term 3 saw some individual therapy happening with the children in the 4-5 year class, as they are preparing for Grade R next year. One of these learners was referred to a local paediatrician who generously agreed to see the child *pro bono*. It is such a blessing to see our community offer services to the children we serve.

MySchool

MySchool is still a great form of income for Nthando. We are now getting in over R1000 every month. Thank you to all of you who swipe your cards.

Hearing Tests

Two of our Grade R learners were referred for hearing tests this term, as there was concern regarding their level of hearing. Thankfully both children have good hearing in both ears. One child may require a visit to the ENT for wax build up, while the other child appears to require a further speech therapy assessment.

Literacy Program

Our Literacy Program is finally off the ground, with the help of our dedicated co-ordinator Mymoena. We have 28 Grade 1 and 2 learners in total who are part of the program. They receive a 30 minute literacy session on a weekly basis in order to build and strengthen their literacy level. Our goal is to significantly improve the literacy level of these learners, thus aiding their academic progress and learning. We have had great fun using the books we received from the MySchool Mandela Day Book Drive and the children are growing in their love for books.
